If you or someone you know has hearing aids they no longer need, please consider donating them to Project G.R.A.C.E.

While the cost of brand new hearing aids is too much for the non-profit to cover for its recipients, refurbished hearing aids are a cost the organization can cover.

Please contact Project G.R.A.C.E. at 883-5111 to make a hearing aid donation or for more information about helping out our community.

### Pine Tree Zone Update

Gov. Baldacci recently signed a law making it easier for small and midsize manufacturers in Maine to qualify for PTZ status. The expansion enables an existing manufacturer to be eligible for PTZ status if it creates at least 4 new positions and promises to invest at least \$225,000. ### Eastern Trail

The Desfosses family has generously donated the use of conservation land to the Town of Scarborough on Eastern Road behind their manufactured homes community.
